Ajaib Hussain and Rizwana Shelley are members of the IPAG (Independent Police Advisory Group) representing KMWA and working closely together for community cohesion with the local Police.

On Tuesday 9th November 2021, Kent Chief Constable Alan Pughsley shared the plans of Kent Police to tackle "violence against women and girls"

The plans are wide ranging and very informative with a lot of good work already being done in this regard

The Chief Constable was made aware of the unacceptable rise in Islamophobic and other hate crime. A lot is done already but a lot more can be done which was acknowledged by the chief inspector; especially on increasing the victim satisfaction levels of hate crime which were 82.2% for various reasons he explained.

- Current and Ongoing Activities by KMWA Volunteers:
- 1.Food Distribution- Surplus food is picked up from eight Co Op grocery stores by volunteers. This is then redistributed to facilities across Medway who provide shelter and provisions to the homeless community. The collection of food occurs at two distinct timings, early morning and late evening. All food collected at 9am is delivered to Gillingham Street Angels. The evening collection is delivered to differing homes for the homeless, Endeavour Foyer, Springboard Foyer, Regent House and Amat House. All are located in Medway. In addition, once a week, on a Saturday volunteers take food to the vulnerable and needy in the Sheerness community. The following Co Op stores participate in the programme: Canterbury Street, Parkwood, Hoo, Wainscott, Watling Street, Delce, Walderslade, Dickens Estate. Food is also picked up from one additional source, Tesco Express in Lordswood.
- 2. Additionally, volunteers have worked closely with IMAGO based at 60 Balmoral Rd, Gillingham, Kent as and when their needs arise. This help is sporadic in nature.
- 3. Volunteers work and support MVA (Medway Voluntary Action). Details are not permitted for disclosure due to the sensitive nature of this support and as governed by GDPR.

KidsMWA

- Kids@MWA was started in the summer of 2022 to bring exciting and educational activities for children aged 5+ and to bring families into the mosque, which should be seen as more than just a place to pray. It also gives parents the chance to do get involved and help their children and work together as a family. Since then, we have undertaken nature walks in all of the 4 seasons, craft activities (where adults could also participate) such as wood burning, wood turning, smoke art, pebble art, making giant bubbles, making a bird box etc. Activities are held once a month and there are plans to do more throughout the year.
- If anyone has any particular skills, they can contribute and share with the children the please come forward.
- Best regards
- Faheem Anwar

Join us on our 3rd nature walk, this time through the Winter season.

Each season brings its own changes in the wildlife, plants and weather for us to ponder over, increase our worldly knowledge and benefit our deen.

Islam is synonymous with Nature and as custodians of this planet we should:

protect animals, prevent cruelty, provide food, provide refuge and respect all creatures that live with us and around us.

This is a good opportunity for you to connect with nature and the wildlife and learn about their amazing lives and how the natural world around us changes and the wildlife adapts to each season.

We will be meeting at Motney Hill reserve car park, West Motney Way (off lower Rainham Rd) on Sunday 22nd January 2023 at 2pm.

The trek is open to both adults and children and we will walk 1 mile along the river bank. Bring a pair of binoculars if you have them.

Please wear stout shoes/boots and warm/waterproof clothing in case weather is cold/wet. There is no bad weather, only inappropriate clothing.

If anyone has any medial conditions please inform the organiser.

KMWA Dawah

- The KMWA Dawah Stall Report : Bismillah
- Alhamdulillah by the permission of Allah سبحانه وتعالى and His acceptance we have successfully engaged with our Dawah stall initiative under the KMWA umbrella and accompanied by our various other partners.
- The stall has already accomplished much on our amazing journey of Dawah and volunteers work in our local community. It all began fairly recently within the last year. It was established as a result of a concern from myself (brother Farris) and auntie Rizwana on the KMWA volunteers WhatsApp group about how we could be a presence at the grand opening of the Gillingham Street Angels Charity Shop in Chatham grand opening day. That's where Neil the CEO of the charity suggested we should come along and be that presence and representation of KMWA volunteers and Dawah outreach initiatives.
- It should be mentioned that the street angels charity are an amazing community, not even religious based or focused and yet their staff are so welcoming and accommodating every time.
- Since then we have been regularly attending their shop with the stall and it's still ongoing In Sha Allah. From this Dawah stall initiative we have had an increase in volunteers and even a new Muslim sister entering the fold of Islam. Every week we are on the stall the Qurans are nearly all taken. It has been a huge success and we are expanding further by even seeing us now getting permission to setup in the Mall in Maidstone. There we have invited IERA down and other experienced personalities in the work of Dawah that have offered us support and training and is still ongoing In Sha Allah.
- Finally it should be said that the KMWA organisation has been very supportive and to hand at every point, especially in the initial stages. Brother Rizwan has been a fantastic supporter and has been readily available for the stall requirements throughout. We hope this relationship and our efforts for this noble work continues to grow and get stronger. We hope more volunteers both brothers and sisters can help in anyway to support and benefit immensely even if it's just your Duas please let's not stop now. May Allah سبحانه وتعالى reward, bless and accept from us all, Aameen

Youth Hubb Activities

The Youth Hubb at Gillingham Mosque runs from 6:30 till about 9pm every Saturday. We focus on youths from about 15 years old to 25-year-olds. We find that this age range are the most neglected but yet most impressionable. As once they leave madrassa, their connection to the mosque reduces drastically, and so can drift to where their environment takes them. Our aims of the Youth Hubb is to instil

- Brotherhood
- love for the mosque
- Discipline
- A positive experience to attach their hearts to the mosque.
 - An Islamic environment
- A support structure as they transition from young adult to maturity.

We have been doing this though short Islamic reminders by Imam Irfan, we have 3 a side football, table tennis, boxing training from experienced trainers, interactive games and at the end of the evening we sit down and eat pizza together, and a special treat once a month we have some amazing home cooked food.

I encourage everyone with sons from 15 to 25 to spend more time with Muslims of their age.

vision? have

Improving engagement with the community- a surgery every 2 months whereby members of the community can get information regarding KMWA activities, advice and help.

To continue to expand the services provided e.g. KMWAhealth can add health advice, vaccination programs, health checks and blood donation.

To improve information – for example; advance information regarding Salaat ul Jummah should be given as to who is giving the Bayaan and in what language (with or without translation).

Improving the membership system to simplify it and clarify it for the public. Make it easier to join and renew membership with a link to renew.

vision? D have

Investment in our staff for the benefit of the community. For example, work with Imam to improve spoken English for improved communication with the increasingly diverse community.

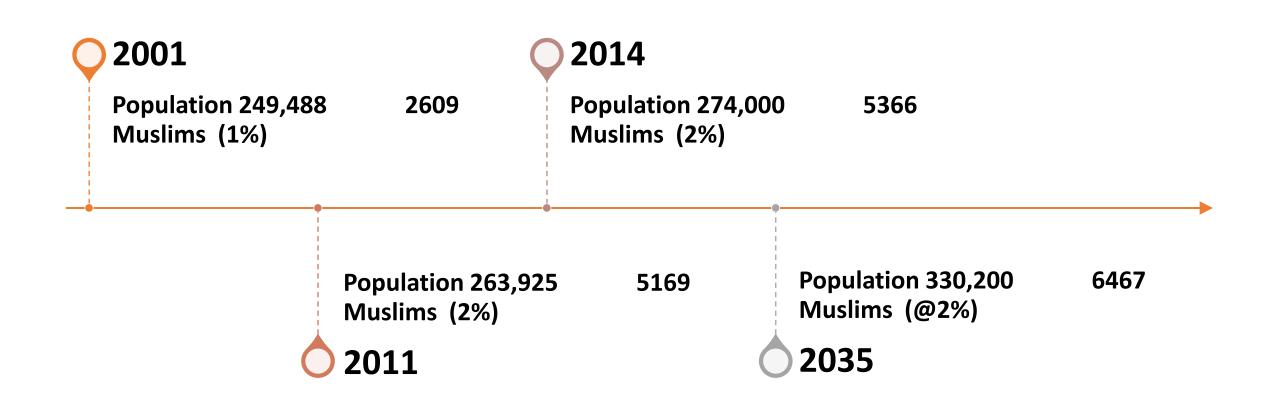

Focus on how we may improve the Madrassa for the benefit of the children.

Incorporate training for our Trustees and improve individual accountability with portfolio responsibilities.

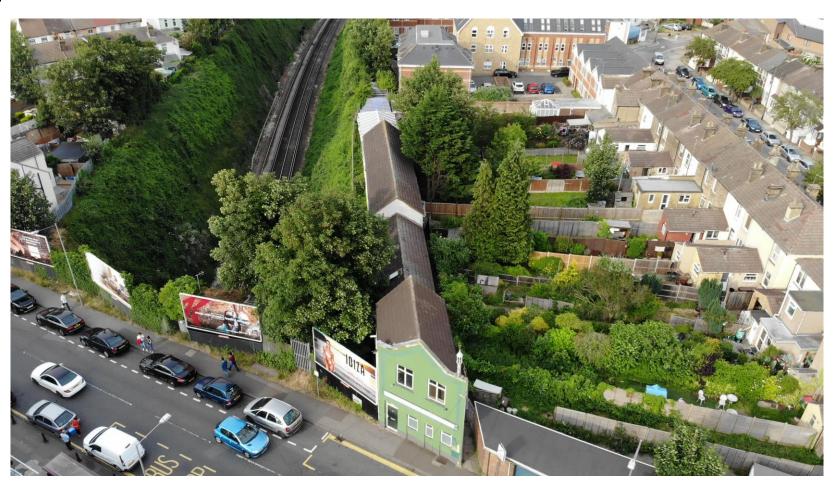

Improve the flow of information within the Trustees and across the community.

Establish performance reviews & succession planning.

Growth & Predicted Growth of the Muslims Population in Medway

Overhead drone video shows narrow building with lack of space surrounded by houses, railway and roads.

The vision and the plan

We have designed a purpose built community centre and Masjid with facilities for now and for our future community.

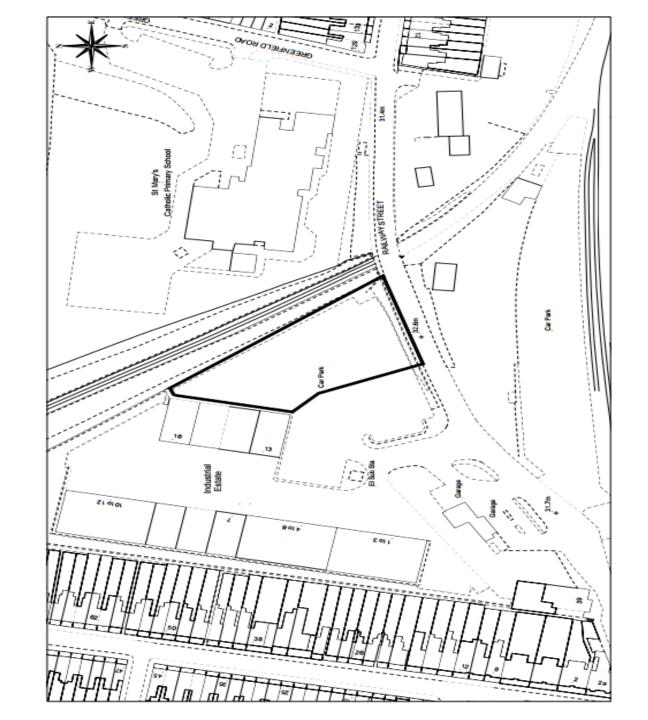

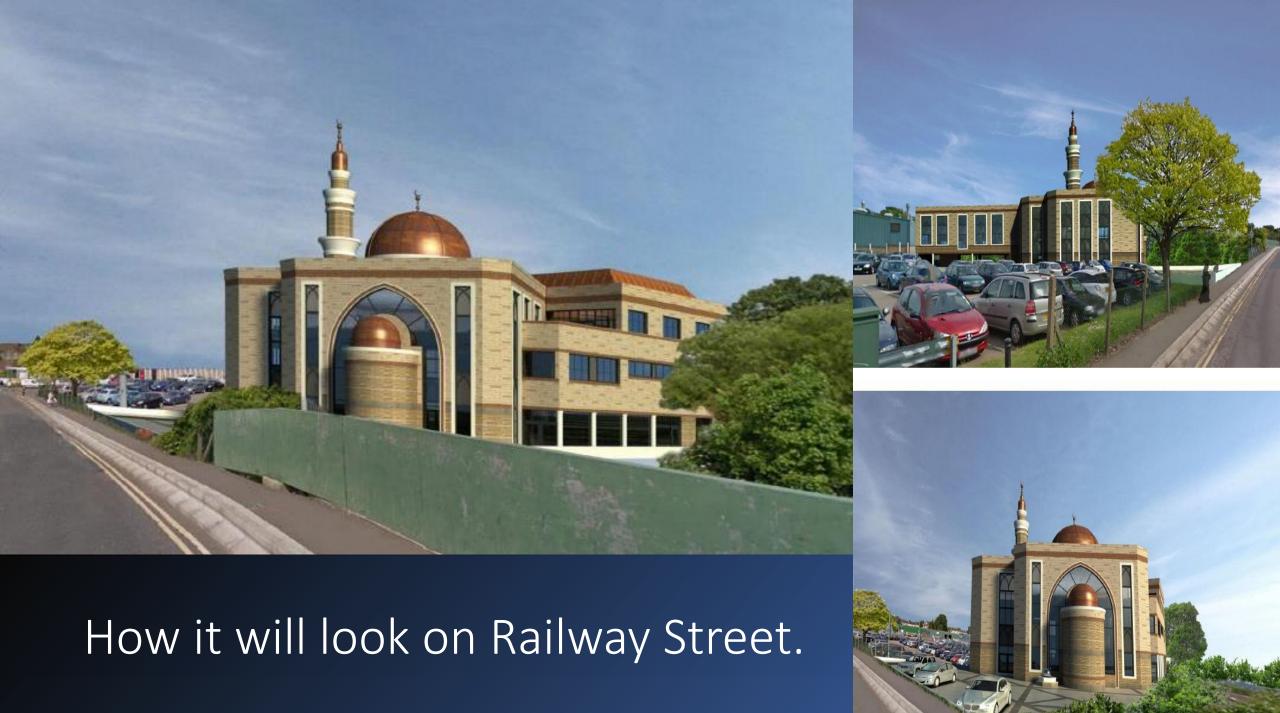

Benefits to the Community

- Prayer space
- Wudu facilities
- Classrooms and teaching facilities
- Function hall with kitchen facilities for Nikkah, Walimas, Conferences
- Janazah facility
- Library
- Nursery
- Retail space
- Halal café
- Offices for administration
- Reception for enquiries

What we are doing – working towards the solution.

 We have worked hard over the years to resolve these problems with our local council to acquire and pay for land for a new purpose built Masjid and Islamic community centre.

The story so far in words and pictures...

We have fully paid for a site nearby the existing Masjid which is 0.65 acres. The land cost was £450,000.00 (negotiated down from £520,000). To get to the planning permission stage, our total costs amounted to around £750,000.00.

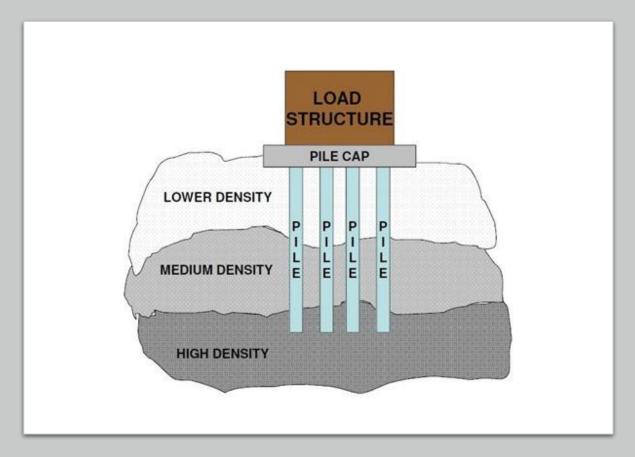

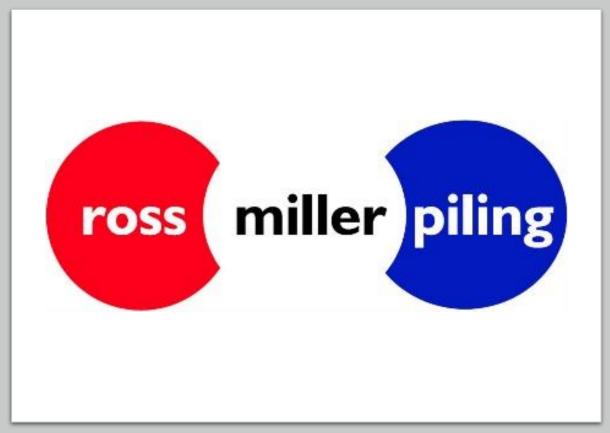

Construction begins

- Planning permission for the Centre in July 2014.
- Fully disposed of the planning permission conditions in April 2017.
- After fencing off and making the access roads and bringing in utilities, we started development of the site in May 2017.
- This started with the construction of the Mortuary.

Challenges

How Much do we need?

We have raised over the years in total over £2 million.

We still require at least £4 million.

Our next phase to build the framework, floors and roof is costing £1.6 million.

To add the windows and make water-tight approximately £0.8 million.

We have approximately £300,000.00 in our account at present.

How we have raised money so far?

Through Philanthropic Individuals both at home and overseas.

Through Businesses.

It is difficult to approach any organisation, embassy or overseas country.

We lack contacts and connections.

The methodology is not clear.

FUNDRAISING

- Community is the key.

- We have to listen to the Community.
- We have to serve the Community.
- We have to put time and effort into the Community.
- We should not expect immediate results.
